As this year ends, we are pleased to report that it has been a busy one at RMAA. Thanks to the ongoing support of friends like you, we have accomplished so much towards meeting our mission of No More Homeless Animals... Let's Fix It! In November, we passed the milestone of completing 30,000 spay neuter surgeries. We hired an additional Veterinary Assistant to our dedicated and skilled clinic staff to ensure we continue to provide the Best Care, anywhere. Additionally, the RMAA staff and some RMAA Directors became recertified this year in Animal Emergency Care and CPR

This was a year of several changes, including the addition of a few new RMAA Board members. The RMAA Board consists of five very dedicated and compassionate animal advocates including: Terri Conlon, Susan Bygrave, Nancy Lapointe, Diane Newman, Fran Paccioretti and Tom Tirone. This all-volunteer board works tirelessly to lead the organization forward ensuring that affordable, high quality, low-cost spay/neuter surgery continues to be available for families with fur babies, rescues and shelters throughout New Hampshire and Western Maine. We are successfully offering outreach with our unique RMAA Cat Cab service. Your continued support helps us provide the high quality yet affordable services that are so necessary. We hope that you will continue to generously support us. Together we can reach the next milestone and reduce the overpopulation of unwanted cats and dogs.

We, at Rozzie May Animal Alliance, wish you and your family a Merry Christmas and Happy New Year full of peace, joy, health and happiness.

With much gratitude,

Nancy Lapointe

Nancy E Lapointe, President RMAA
