

# Rozzie May Animal Alliance

*Too Many Homeless Animals... Let's Fix It*

Happy

St. Patrick's Day

To All Our Two and  
Four Legged Friends!

**Rozzie May is looking to hire a part-time van driver for a few hours per week. Please send email message to: [terricon@roadrunner.com](mailto:terricon@roadrunner.com)**

***Thank You!***

**Thanks to the many businesses and individuals that support us.**

**Special thanks to The Underground Bakery and Café for selecting Rozzie May Animal Alliance as their Valentine's Day Dine-To-Donate non-profit.**

Dear RMAA Supporter,

*Did you know* that only 1 out of 12 cats that are born ever find a permanent home? A single cat can produce at least 180 kittens over her lifetime. So many cats and unwanted animals are passed from one bad home to another, and  are abandoned. These animals are often plunged into a lifetime of disease and suffering. Even if they make it to a community shelter, they are likely to be euthanized because our shelters are not able to handle them.

*Did you know* that spaying and neutering cats and dogs benefits your community? Stray animals get into garbage cans, and can scare people and cause car accidents. Stray animals, out of desperation, can kill or injure wildlife. Communities are not equipped to manage these unwanted, abandoned and neglected animals.

*Did you know* that your donation of even \$25 to RMAA will help to change this? Your donation will give happy lives to so many cats and dogs! It will also help to alleviate the burden on our shelters by stopping the cycle of unwanted animals.

If you are reading this, we know you have a heart full of love for these creatures. You can also help us by spreading the word to those who may not know about the Rozzie May spay/neuter program.

Rozzie May can always use volunteers to help with our mission. Right now, we are also looking for an experienced van driver to help with our "Cat Cab" a few hours per week. Please let us know if you can help.

We hope you enjoy reading our current Newsletter, and that you also check in with us on our Facebook page and our web site, [www.rozziemay.org](http://www.rozziemay.org)

Thank you for your support!

With gratitude,

*Edison Lippa*

RMAA President

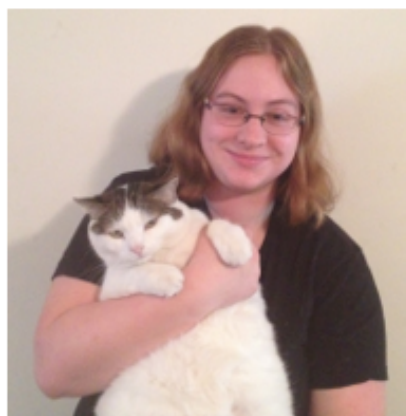

## Community Corner

*Little Angels Service Dogs* program has expanded to a New Hampshire facility. Their new home was formerly Sky Valley Motel and Cottages in Bartlett, NH. There is 35 acres of land, bordering the Saco River and neighboring Bear Peak Ski Resort. *Little Angels* has started renovations to prepare for trainers and dogs working on site. One of the best parts is that trainers will be living on site and the dogs will be living with trainers. This allows them to avoid having to build a large kennel on site immediately and is a great way to alleviate the stress on the dogs by having them in a home environment. Two cottages and one chalet are being renovated for the trainers to move into as soon as possible.

These wonderful service dogs can assist their two legged friends in so many ways such as: assistance for persons with autism, hearing loss, mobility issues, psychiatric problems, seizure alerts, PTSD, and many more needs.

## Meet the Staff...

Stefanie Skeen has been working in animal welfare for seven years. She started out as a volunteer at the Conway Area Humane Society and was hired as an animal care tech shortly after that.

She worked there for six years doing various jobs and volunteering her own time helping animal control and trap, neuter, return (TNR). She left that job last year for an opportunity to work with farm animals instead of only dogs and cats. She found the experience very enjoyable and fell in love with goats and sheep, then soon after got the opportunity to work at Rozzie May Animal Alliance, which she happily took. When not working, Stefanie loves watching Netflix with her rescue dog and cat. She also enjoys writing stories, listening to music and occasionally playing video games.

## Ask the Vet...

### The last Tuesday in February is World Spay Day!

Remember to get your cats and dogs spayed/ neutered which reduces the incidence of many health issues for them and also reduces the number of animals entering shelters and ultimately being euthanized. The recommended ages for spay/neuter surgery by many veterinarians are:

Cats: male and female, before 5 months  
Dogs: male - small breeds, before 5 months  
male - large breeds, 15 to 18 months

## Animal Tracks

Visit *Animal Tracks* at [rozziemay.org](http://rozziemay.org) to read about avalanche rescue. Not all avalanche rescue dogs are St. Bernards.

## Featured Pet

*Meet one of our locals, Shrimp Dumpling from North Conway, NH*

*This cutie won us over with his charm and of course that adorable face!*

## Clinic Manager

*Brandi is having twin girls!  
Congratulations Brandi and Cory!*

## Volunteer

*Lend a helping hand!*

Help is needed for events and fund-raising. If you enjoy planning and helping at events, we need you! Other volunteer duties include filing, phones and other office duties. How about writing a story for *Animal Tracks*?
