Summertime – Have Fun In The Sun!

Greetings RMAA Friends,

In May 2025, RMAA clinical and office support staff, our two RMAA cat cab drivers and several Directors became recertified in Pet CPR and Emergency Care. All participated in a six hour hands-on class. April Begosh, of Healthy Pets NH, specializes in training pet professionals in emergency care. The class was excellent and provided all attendees with a 2-year certification.

We celebrated a major milestone in May 2025 by completing the 35,000th Spay Neuter surgery! RMAA is dedicated to reducing the number of homeless and unwanted pets in New Hampshire and Western Maine. RMAA offers affordable, high quality, spay neuter services at its clinic at 54 Hobbs Street, Conway NH, providing outreach through its “Cat Cab service” business model. We serve family-owned pets, rescues and shelters. Did you know that according to the Spay-Neuter Assistance Program (SNAP), Inc., in seven years, up to 508 puppies can be born from one unspayed female dog and her offspring and up to 4,948 kittens can be born from one unspayed female cat and her offspring. According to a National Council of Pet Population Study, 56% of dogs and 71% of cats that enter shelters are euthanized. If you care about the welfare of dogs and cats, spaying and neutering your pet is the best option.

RMAA depends on donations from individuals, like you, to help cover the costs required to provide high quality, affordable, spay neuter. Helping RMAA can come through your offer to volunteer, a donation to the “RMAA wish list” or by making a financial donation. It can be made through a single or a monthly donation. Donations go directly to the provision of low cost spay neuter surgery. No amount is too small and will make a difference!

Thank you for your part in supporting Rozzie May Animal Alliance and allowing us to continue with the mission by providing high quality affordable spay neuter surgery. We appreciate your support, and we hope to hear from you soon. I cannot wait to see what we can achieve together!

Warmest regards,

Nancy

Rozzie May Animal Alliance (RMAA) is thrilled to celebrate a major milestone — 35,000 spay and neuter surgeries have been completed at Rozzie May Animal Alliance!

That's 35,000 steps toward a more humane community. RMAA sends thanks to their dedicated team, generous supporters, and every pet parent who's chosen to make a difference. Together, RMAA and the pet caregivers are preventing cat and dog overpopulation, reducing shelter intake, and giving animals a better future — one surgery at a time. Nancy Lapointe, President of RMAA says, 'Here's to the next 35,000!.'

Sassy and Thumper RMAA correspondents

It's been a very rainy spring but summer is here and it's time for longer walks and lounging around in the backyard for us doggies. If you go for car rides, remind your 'hooman' to roll those windows down and don't leave you for too long in the car. The pavement or sand can get very hot and we don't wear shoes so our paws can get very sore. A cool drink of water is also appreciated.

Air conditioning and fans are sooo nice on hot days. Remind your 'staff' to leave them on when they go out and leave us cats, dogs and others critters behind.

Remember, don't step on manhole covers in the street. Sometimes these can be 'electrifying,' not in a good way.

RMAA Community Service

In addition to RMAA's mission of reducing the number of homeless and unwanted animals by providing quality, low-cost spay/neuter services for cats and dogs we also:

- offer discounts to shelters and rescue organizations to help support their important work
- participate in New Hampshire's Plan B which provides financial assistance to qualifying households for spaying and neutering their pets.
- offer discounts to active and retired military personnel to thank them for their service.
- Sell soaps and candles to help the animals.

RMAA's Officers and Directors are all volunteers. They provide many hours of service governing the organization, working at events, and doing all the activities necessary to serve the community and their loved pets.
